THE 21ST CENTURY STANDARD IN TRAFFIC DETECTION SYSTEMS

Replacing Inductive Loops with Maintenance-Free Detection

Brown Traffic Products & SENSYS will provide the equipment and onsite technical assistance for one Maintenance-Free Detection System for a Community. Please provide the answers to the following questions and your contact information for a chance to win.

- 1 What application or traffic management problem would most likely be solved with the Sensys Wireless Detection System (e.g. Stop Bar Detection, Side Street Detection, Left turn movement or Advance Detection?)
- 2 What intersection would you implement the Sensys System at?
- 3 Why isn't the intersection working properly now?
(e.g. broken loops, no detection, etc)?

Contact **Brown** at **563.323.0009**, e-mail sales@browntraffic.com or visit www.browntraffic.com. Enter monthly to have 12 chances to receive Green Benefits for your Community. *January promotion open 12/01/08 to 01/31/09.*
